JAPANESE QUESTION.

GILLETTS APPEAL.

Asking Assembly to Reconsider.

Legislators Will Be Urged to Revoke Anti-Jap School Bill.

Acts in Response to Urgent Message from the President.

Affirmative Majority on the Original Vote Was Decisive.

(ASSOCIATED PRESS NIGHT REPORT.)

SACRAMENTO, Feb. 4.—Gov. Gillett is preparing tonight a message to be sent to the Assembly tomorrow morning, asking that body to reconsider the vote by which it passed today the bill compelling Japanese children to attend separate schools.

This action on the part of the chief executive of the State is the result of a message received from President Roosevelt this afternoon appealing to him to devise some means of blocking the measure in the Legislature.

As soon as the news had been flashed that the school bill had passed, the President wired Gov. Gillett asking him if it were true that such action had been taken by the Assembly and declaring that if it were, he would have to go to court to prove the law unconstitutional and in case it passed the Senate and received the signature of the Governor.

The President made a frank appeal for a veto as a last resort.

To this message the Governor replied that the bill had passed by a vote of 48 to 24 but that a motion to reconsider would be made tomorrow.

The President then asked the Governor to do what he could to prevent anti-Japanese legislation.

The Governor's message to the Assembly tomorrow will be a strong appeal to the members to stand by the administration and will deal with the question of treaties with Japan and other nations.

The telegram was as follows: "WASHINGTON, Feb. 4, 1909. "J. N. Gillett, Governor of California: "Your kind letter just received. What is the rumor that the California Legislature has passed a bill excluding the Japanese children from the public schools? This is the most offensive bill of all and in my judgment is clearly unconstitutional, and we should at once have to test it in the courts. Can it be stopped in the Legislature or by veto?"

(Signed.)

"THEODORE ROOSEVELT."

Immediately after learning of the Assembly's action, the Governor called into consultation Speaker Stanford and the leaders of both branches of the Legislature. They still have hopes of defeating the bill in the Assembly.

After roll call on the measure, Walter Leeds of Los Angeles, one of the staunchest opponents of all anti-Japanese legislation, changed his vote from no to aye in order that he might give notice that tomorrow he would move to reconsider the vote by which it was passed.

MEANS FIERCE BATTLE.

The vote today was 40 for and 28 against, the first problem of the House leaders and the Governor is to secure enough votes (four), a majority, to carry the Leeds motion. In the event that the motion is adopted, it is predicted by the foes of the measure that one of the fiercest battles ever witnessed in the California Legislature will result in the effort to kill it.

The Assembly debated all day on the three anti-Japanese bills. The first one taken up, preventing aliens from being members of boards of directors, was beaten easily. The vote standing 44 to 16.

The next, providing for the segregation in residential districts of all undesirable aliens, resulted in a tie vote, 37 to 37, the measure being defeated by four votes short of a majority. Johnson of Sacramento, it's author, changed his vote from aye to no in order that he might give notice of reconsideration.

TEXT OF BILL.

Following is the full text of the bill that was passed:

Section 1. Section 1662 of the political code is hereby amended so as to read as follows:

"Every school, unless otherwise provided by law, must be open for the admission of all children between 6 and 21 years of age, residing in the district, and the Board of School Trustees, or city Board of Education, have power to admit adults and children not residing in the district, whenever good reasons exist therefor.

Trustees shall have the power to exclude children of filthy or vicious habits, or children suffering from contagious or infectious diseases, and also to establish separate schools for Indian children and for children of Mongolian or Japanese or Chinese descent. When such separate schools are established, Indian, Chinese, Japanese or Mongolian children must not be admitted into any other school; provided that in cities and towns in which the kindergarten has been adopted or may hereafter be adopted as part of the public primary schools, children may be admitted to such kindergarten classes at the age of 4 years; and provided further, that in cities or school districts in which separate classes have been or may hereafter be established, for the instruction of the deaf, children may be admitted to such classes at the age of 2 years."

OLD ISSUE.

The change in the law as it now exists, is the insertion of the words "or Japanese."

When the problem arose in San Francisco two years ago, and the President asked that the bill introduced at the request of the Board of Education to amend the law be held up, it was upon the ground that the Japanese considered it a reflection upon their character as a race. Through prominent Japanese residents of San Francisco it became known that the Japanese objected to being classed as "Mongolians" and an inveterate dispute arose, as to whether or not they really were of that race.

The City Attorney, who came to this city at the request of the San Mayor Eugene Schmitz, to urge the passage of the bill, contended that the Japanese were Mongolians and therefore came under the provisions of the law.

SEGREGATION BILL.

Johnson's other bill, the vote on which is to be reconsidered, is in full as follows:

"Section 1.—Whenever, in the opinion of the governing body of any municipality, the presence of undesirable, improper and unhealthy persons, or the presence of persons whose practices are dangerous to public morals and health, and peace is deemed to exist in the said municipality and its inhabitants, the said governing body is hereby empowered to so declare by ordinance and is hereby empowered and authorized to prescribe by ordinance the district and limits within which said persons shall reside in said municipality and thereafter it shall be unlawful for any person of the class so declared to reside in any other portion of said municipality than within the said district and limits so fixed.

"Section 2.—A violation of the provisions of this act shall be deemed a misdemeanor and shall be punished as such."

It was upon the fate of this bill that the Assembly was most evenly divided. When it became known that the presence of absentees was necessary to decide the passage or rejection of the bill, "call of the house" was demanded.

The sergeant-at-arms brought two members before the bar, the hon. R. J. Collins of San Francisco, and William R. Odom of Colusa.

The former was excused on the statement that he had overslept, and the latter that he had been doing some stenographic work in the minority committee-room. Both voted aye, but later Odom changed to no.

Perkins of San Francisco, also changed to no, and later Odom changed to aye. Johnson, author of the bill, seeing that it was impossible to pass the bill at this time, declared that the call of the House be withdrawn and changed to "no" in order to reconsider.

HOW THEY VOTED.

Roll call on the measure gave the following result: Ayes—Baxter, Beatty, Bohan, Black, Callan, Collins, Crockett, Cullen, Drew, Gibson, Gillett, Hayes, Hopkins, Irwin, Johnson of Placer, Johnson of Contra Costa, Julian, Kelso, Lightner, MacAuley, Mahan, McManus, Mendenhall, Mott, Nelson, Odor, Olls, O'Neil, Perkins, Poley, Preston, Pugh, Schmitz, Silver, Stuckenbruck, Telfer, Webber, Wheeler, Whitney, Wilson, Wyllie, 37.

Noes—Barndollar, Bardelee, Barlett, Butler, Cattell, Collier, Costar, Dean, Feeley, Fleisher, Flinn, Greer, Griffiths, Hammon, Hanlon, Hawk, Hinkle, Holquist, Hopkins, Johnson of Sacramento, Johnson of San Diego, Leeds, McClellan, McInnis, Moore, Odor, Olls, O'Neil, Perkins, Poley, Preston, Pugh, Schmitz, Silver, Stuckenbruck, Telfer, Webber, Wheeler, Whitney, Wilson, Wyllie, 28.

VOTE ON SCHOOL BILL.

In the vote on the school segregation bill two changes were recorded, the vote of Alameda, from aye to no, and Leeds of Los Angeles, from no to aye, the latter giving notice of reconsideration.

The following is the vote: Ayes—Baxter, Beatty, Bohan, Black, Bohnett, Butler, Callan, Collins, Crockett, Cullen, Drew, Gibson, Gillett, Hayes, Hopkins, Irwin, Johnson of Placer, Johnson of Contra Costa, Julian, Kelso, Lightner, MacAuley, Mahan, McManus, Mendenhall, Mott, Nelson, Odor, Olls, O'Neil, Perkins, Poley, Preston, Pugh, Schmitz, Silver, Stuckenbruck, Telfer, Webber, Wheeler, Whitney, Wilson, Wyllie, 40.

Noes—Barndollar, Bardelee, Barlett, Butler, Cattell, Collier, Costar, Dean, Feeley, 28.

KNOX TO BE TAFT PREMIER

President-elect Depends on Secretary of State.

Big Man Mentally as He Is Little Physically.

His Word Will Be First in Next Administration.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Feb. 4.—(Exclusive Dispatch.) "As Taft was to Roosevelt, so will Knox be to Taft in the next four years."

This is the way the relationship of the next Secretary of State to the next President has been put aptly. From the moment the Pennsylvania Senator told the President-elect that he was honored by the invitation to become chief Cabinet officer and that he would undertake gladly the duties of the office, Mr. Taft has made a confidant of Mr. Knox. He has consulted him constantly about the most important positions and about legislative policies and has shown in other ways that he is ready and willing to lean on the next Secretary of State as President Roosevelt leaned on the Secretary of War.

Phillander Chase Knox is a big man mentally as he is little physically. He has the energy of two men, a cool judgment, a quick, but not too quick, answer to every question of state, and that judicial temperament upon which Mr. Taft so confidently relies. It follows that, no matter whom Mr. Taft may select for other Cabinet positions, the word of Knox will count for much.

Mr. Taft knew Mr. Knox in the Cabinet, and he knew the trust President Roosevelt placed in his acts and words. It is a fact that Mr. Roosevelt declared there was no legal sign post in the land like the finger of Phillander C. Knox.

During the next administration there probably will be a new office in the Department of State. An under Secretary of State will be appointed if sanction can be obtained.

JOB FOR ANGORA GOATS.

GRAZE FIRE LINES.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, Feb. 4.—Angora goats to the number of 3000 unconsciously doing yeoman service for Uncle Sam by grazing the mile after mile of fire line through the bushy chaparral growth of the Lassen National Forest of California, will be a novel sight witnessed soon.

The contract for procuring this little band of white animals into government service has been signed, and the novel experiment will be permanently placed on the rolls.

The goats will be given two years in which to make good in the service, and if they come up to Uncle Sam's requirements they will be permanently placed on the rolls.

The scheme is to run five lines parallel with the contour of the slopes by cutting trails about eight rods apart, which are to serve as guides for the angoras. They will graze in each direction from the trails, killing it is estimated, a strip of brush about thirty yards wide. The wide lanes cut out and grazed by the goats will serve as ideal fire lines in protecting the forest-covered lands lying beyond, and around the chaparral areas, and also make a place for reproduction of mercurial trees.

KAHN ATTACKS DR. WILEY.

Congressman Criticizes Chief Chemist for His "Poison Squad" Methods of Testing Foods.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Feb. 4.—(Exclusive Dispatch.) Congressman Kahn took occasion to rap Dr. Wiley and his "poison squad" methods, the occasion being the discussion of an appropriation for the chemical laboratory of the Agricultural Department. Kahn declared that Dr. Wiley's plan produced a bad effect on his subjects, even before they had partaken of the "poison."

In the first place, the name "poison squad" had an evil psychological effect on them, in contrast to the plan followed by experimenters in San Francisco who called their men the "health squad." Kahn also referred to Wiley's plan of requiring members of his "poison squad" to sign papers releasing the government from any liability for any damage done to their health.

He criticized Wiley for feeding boric acid to his men in capsules, and he pointed out that the plan followed by experimenters in San Francisco who called their men the "health squad" had an evil psychological effect on them, in contrast to the plan followed by experimenters in San Francisco who called their men the "health squad."

HARD FATE. DEATH ALONE COULD FIND HIM.

COUSIN OF H. C. FRICK BOUGHT FOR SIXTEEN YEARS.

Died in Rear of Saloon at Joplin, Mo., and Letter from Sister Discloses Identity and Promise to Provide for Burial—Wanderings Unexplained.

(BY DIRECT WIRE TO THE TIMES.)

JOPLIN (Mo.) Feb. 4.—(Exclusive Dispatch.) That Frank Frick, who died Monday of heart disease at the rear of a saloon here, had been sought for sixteen years by his relatives in Pennsylvania, including his cousin, Henry C. Frick, the steel magnate, was told by a letter from a sister of the dead man, received by Undertaker W. K. Hurlbut this morning. That Frick's widow and six children are living in Pittsburgh, Pa., was also conveyed in the letter received here.

The letter did not disclose the location of the body, but stated that these instructions would be forwarded, that there were funds at hand to care for the burial.

The letter revealed the fact that sixteen years ago Frick had dropped out of sight completely. A hunt was continued unceasingly through all the years, no trace whatever having been found, and nothing had been heard from him or of him until the telegram of the Joplin undertaker notified him of his death.

The steel king has taken an active interest in the search for Frank Frick, but so completely did he hide his identity that the search was unavailing. There is no explanation given of Frick's departure, and the impression is given that the cause for his departure and the abandonment of his family years ago is a mystery to the relatives.

VOTE ON PROHIBITION TODAY. Question of Submission in Texas Will Be Disposed of in the Legislature.

(BY DIRECT WIRE TO THE TIMES.)

AUSTIN (Tex.) Feb. 4.—(Exclusive Dispatch.) The State-wide prohibition question came up in the Legislature today. Absence of one of the submissionists caused a postponement of the vote on it in the House until tomorrow morning. Anti-submissionists are confident the measure will be defeated.

The discovery was made today that the submission resolution had no enacting clause. The anti-submissionists magnanimously added friends of the resolution to amend it in this respect.

The bill making it unlawful for a saloon to have within its walls a school building was killed in committee today.

Mr. Mobley's bill prohibiting newspapers from publishing advertisements either as editorial or news, without marking it "advertisement," was favorably reported by the committee.

THAW EXPECTS RELEASE. Says He Is Confined at Matteawan Without Due Process of Law.

(ASSOCIATED PRESS DAY REPORT.)

POUGHKEEPSIE (N. Y.) Feb. 4.—"It is just a year ago since I was acquitted, and at last my appeal against the faulty commitment, that temporarily nullified that verdict, has reached the appellate court," says Harry K. Thaw in a statement sent out from the Matteawan Asylum yesterday.

Thaw maintains that the jury which acquitted him expressed no opinion except as to his mental condition on June 25, 1906, when he killed Stanford White.

Thaw expresses confidence that the Appellate Division will decide that actions of the Penal Code, under which he was committed to Matteawan, are unconstitutional because "it despotically imprisons a man without due process of law."

There was no process at all to find out if I was insane on February 1, 1906."

MASON'S OBJECT IN TAFT CASE. Texas Lodge Disapproves Special Dispensation to Admit President-elect to Order.

HOUSTON (Tex.) Feb. 4.—(Exclusive Dispatch.) The Masonic body is unanimous in approving the action of the Grand Master of Ohio in granting a special dispensation in the case of President-elect Taft and inviting him to be a Mason "at sight" on February 13 at Columbus, O., was evidenced last night by the action of the Wortham (Tex.) Chapter, Royal Arch Masons, No. 1.

In adopting strong resolutions condemning the action taken as a violation of Masonic customs and one condemned by every Mason. These resolutions were forwarded to the Grand High Priest of Texas to be used as may be deemed best.

STAN FOR DEFENSE AND AGAINST WAR.

SPEECHES deprecating the anti-Japanese agitation and urging a larger navy and adequate coast defenses, particularly upon the Pacific, as the best guarantee of peace, were features of the annual banquet of Camp Corregidor, Army of the Philippines, commemorating the tenth anniversary of the outbreak of the insurrection at Manila, at Levy's, last evening.

Capt. E. N. Coffman of the First Tennessee Volunteer Infantry, broached the Japanese question in his opening address as toastmaster. He said there is always talk of defense, but the defense of their country, he thinks it their duty, knowing as they do, what terrible cost a campaign means, to throw their influence to the perpetration of peace. He has no sympathy with the agitators at Sacramento, who are inviting war with Japan, he said, and does not believe in the defense of their country, he declared, is so serious a matter to be made the object of heedless agitation.

Capt. Amos A. Fries, Corps of Engineers, U.S.A., followed Capt. Coffman's remarks with a stirring address upon the need of a larger navy and adequate defenses for the Pacific Coast. He said that Japan is the only nation on the Pacific which the United States has any reason to fear. With a navy which would give this country the Pacific, he said, the United States would be invulnerable to Japan. He said, there is but one battle ship on the Pacific and five cruisers, none of which, because of their light armament, could successfully meet the heavier fighting ships of a well-equipped enemy. This sea protection he said, is wholly inadequate.

"But assuming that we should lose the mastery of the Pacific," continued Capt. Fries, "then the question of coast defense, becomes an important one. Japan could easily seize the Hawaiian Islands, and with a naval base there, could invade the Pacific Coast, and particularly Southern California. San Pedro harbor would probably be their first point of attack, because it would give them a good base of operations."

To provide against such an emergency, he declared that the fortification of San Pedro harbor is absolutely necessary. He said he does not know whether an immediate appropriation for that purpose will be made by Congress, but declared that the fortification of that harbor will be constructed. Should an enemy seize San Pedro harbor, Capt. Fries said, it would be an easy matter to run a few regiments to the mountain passes, which are the only means of ingress to the point of attack, because it would require a force of twenty to one to dislodge them.

Fortifications at San Pedro harbor, Capt. Fries declared, could not be considered as a protection to this city. A landing could easily be effected by a hostile force at any point along the Pacific, because of natural conditions. Dist. Atty. J. D. Fredericks was one of the speakers who made a brief but eloquent address, in which he declared the civilization of the Philippines is as old as that of the United States, but that the former had been lulled to sleep by the lethargic influence of a tropical climate. He proposed that the United States should take the Philippines, which was drunk by all standing.

Capt. J. E. Groves, Twentieth U. S. Infantry, and others gave reminiscences of their experiences in the Philippines. The officers and members of Corregidor Camp who were at the banquet are: E. N. Coffman, Commander; C. McLachlan, Senior Vice-Commander; E. Strand, Junior Vice-Commander; H. Strangberg, Adjutant; C. D. Pence, Paymaster; C. M. Moore, Chaplain; C. Reed, Officer of the Guard; E. I. Canby, Guard; A. N. Rodgers, T. Gallant; W. W. Conrad, J. Law, E. C. Mulqueeny, C. Triggs, E. J. Mack and R. Skelton.

Newspapers Comment Unfavorably on Count Komura's Speech Proposing to Send Emigrants to Korea Instead of America—Hope to Make New Treaties on Equal Terms.

(BY DIRECT WIRE TO THE TIMES.)

TOKIO (Japan) Feb. 4.—(Exclusive Dispatch.) Not a few native newspapers today comment unfavorably on the speech of Count Komura, Japanese Foreign Minister, delivered before the lower house of the Diet. It is doubted whether emigrants who would otherwise go to America can be attracted to Korea. The Kokumin Shimbun, however, however, reverberates with approval for the proposed move to send emigrants to Korea instead of America—Hope to Make New Treaties on Equal Terms.

BERLIN (Germany) Feb. 4.—(Exclusive Dispatch.) To the chagrin of government officials who are trying to make the coming visit of King Edward pass off smoothly, a fresh controversy has arisen over the Kaiser's telegram, as a result of the publication Monday of the book purporting to give the first authentic account of the way the famous telegram came to be written. According to the version given in this book the Kaiser did not send the dispatch on his own initiative, but was induced to do so by his Cabinet advisers, Baron Marschall and Prince Hohenzollern.

The story throughout Germany is now taking the matter up, generally ridiculing the story. DISGUISED TO GET NEGROES.

Husky Men in Feminine Apparel Stationed in Pittsburgh Trouble Zone.

(ASSOCIATED PRESS NIGHT REPORT.)

PITTSBURGH (Pa.) Feb. 4.—Six negroes who were arrested last night in addition to the 125 arrested the night before, as a result of the many assaults on young white girls, were discharged today. They were found to be regularly employed.

Racial animosity was in evidence throughout the city today. Many negroes resent what they term high-handed police methods, but the authorities hope the alert for negroes addicted to the drug and no-work habits.

It became known today that husky young men arrayed in feminine apparel have been stationed in the trouble zone in an effort to capture negroes who molest women. These men have been ordered to use a black-jack on these assailants, and in this manner the authorities hope to catch the negroes responsible for the attacks. It is estimated that 35,000 negroes reside in this city, the greater majority living in the Herron Hill district. Of these, the police estimate fully 20 per cent. are listed as suspicious.

CARD AT ARCADE RACE-TRACK VERY POOR ONE.

Gambler Get the Expected Bump in Second Race, Through Surprising Victory of Old Joe's 8—Magazine Makes a Show of His Field Over Heavy Track.

The sixty-first day of the last horse gambling meeting in this State brought nothing exciting to the spectators who went on to play the race yesterday on Lucky Baldwin's track at Arcadia. The bookmakers got the coin, as usual, the suckers being bumped particularly hard by the second round, in which Joe's 8 suddenly woke up and won by some means. Carman's Magazine proved to be the easiest kind of a winner in the fourth dash, sailing past the finish first by four lengths. There were no features to the programme, which was one for cheap plugs.

The bookmakers are now running seven races each day, and the programme can be worked as much as possible. There was no "form" to any of the events, and the odds were as high as they were permitted. Results:

Five furlongs: Succeeded, 167 (Dugan); won: Velma C. 109 (Shirner); second: Auburndale, 113 (Powers); third: time, 1:20 3/4. Columbia Girl, Tenderfoot, Calmer, Snapper, Siren, Saver, Gold Bar, Snapper and Margie D. also ran.

Six furlongs: Josie S. 112 (Page); won: Azo, 92 (Russell); second: Goldstein, third: time, 1:23 1/4. Town Topic, Lady Kitty, Jade Laurel, Allen Lee, Joseph K. and Chippewa also ran. Don Tom, Barrose and Manito S. also ran.

Six and one-half furlongs: Sir Edward, 114 (Sechling); won: Galves, 108 (Powers); second: Griffland, 168 (Wills); third: time, 1:29 1/4. Entire Nougat, Auburndale, E. M. Fry, Chalfonte and Kara also ran. Director and Norfolk also ran.

Seven furlongs: Maganina, 110 (McGehee); won: Farnace, 214 (Page); second: Loretta M. (Sumner); third: time, 1:34. Tony Bohrer and Elizabeth Baret also ran.

Mile and three-sixteenths: Verma, 108 (Dugan); won: Ivanhoe, 111 (McGehee); second: Montclair, 208 (McGehee); third: time, 2:08 1/4. Christina S. Smiler and Tabby Train also ran.

Mile: Niblick, 113 (Goldstein); won: Rubie, 113 (Schilling); second: Uncia; third: time, 2:10 1/4. Entire Nougat, 1:41 1/4. Critic, Sibari and Paul I. also ran.

Seven furlongs: Marbles, 167 (McGehee); won: Elizabeth P. 112 (Wills); second: Shirley Rosemore, 112 (Powers); third: time, 1:29 1/4. Entire Nougat, 1:41 1/4. Critic, Sibari and Paul I. also ran.

NEGLECT OF RELIGION CAUSE OF HIS DEFEAT.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

GRAND RAPIDS (Mich.) Feb. 4.—

Punishment for neglecting his religious duties is the reason Stanley Ketchel now gives for losing his second battle with Bill Papke. Consequently Ketchel is paying much more attention to them than heretofore. Ketchel, it seems, had never taken his first communion. Just before his second battle with Papke he, with his manager's son, was in a similar situation, decided they would do so. They made the required preparation. Ketchel was busy preparing for his fight, and when the time came for communion he decided not to do so. He went into this ring and was defeated for the first time. Which is as much as to say that Ketchel, a clever 156-pound boxer from the West, who will make his appearance Tuesday, must have made himself a great favorite with the crowd by his aggressiveness in his battle with Papke, which he had to win against a cleverer fighter in Cullen, and he will have an opportunity to demonstrate his class.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Feb. 4.—[Exclusive Dispatch.] Leon Rosen, the French expert, defeated G. B. Rothoff in the last game of the annual championship tournament at the Manhattan Chess Club today, and thereby tied M. Ayala and Otto Roethling for first place, each having scored a total of eight points. Owing to the departure of Ayala for his home, in Caracas, the committee decided to divide the first prize and to have Roethling and Rosen play off the title until now held by Albert Pulvermacher.

The first game is scheduled to be played on Sunday afternoon. Two games were forfeited by E. Delmar to Rosen and Rosenbaum, respectively, and the contest is complete with the exception of a protest concerning the Rosenbaum-Lichtenberg game, which is awaiting the decision of the committee. This decision depends on the award of the lower prizes. The records of the players are:

THE CITY IN BRIEF

The call of the wild.

NEWS AND BUSINESS.

Condition Precarious.
Henry H. Hathaway, an aged visitor to Los Angeles, who was held by mistake in the drunk tank of the City Jail last Wednesday night when he was suffering from a fractured skull, is still at the County Hospital. His condition is precarious for more than a week.

Residents of Chinatown were entertained at a great banquet given in the hall of the Hop Sing Tong, on North Los Angeles street, last night. It was the first of a series of feasts given in honor of the new year. The Chinese will observe feast days for more than a week.

President Sherer's Address.
At the City Club tomorrow noon Dr. James A. Sherer, president of the Throop Polytechnic Institute, will give an address on "The School as a Check Upon Lawlessness." William H. George, founder of the George Junior Republic, will tell of the work of the Southern California Republic for several months past.

Land Office Changes.
Miss Charlotte O. Timmons, formerly in the government Land Office at Waterville, Wash., assumed the duties as clerk in the local office yesterday. She was transferred to this district at her own request. Clarence Wall, who has been promoted to be chief clerk, has taken the place made vacant by the recent death of Alfred P. Pike.

Traveling Travel There.
There will be an installation of officers of University Lodge, No. 294, P. and A.M., Monday night at the Masonic Hall, No. 211 West Jefferson street. The "Traveling Silver Towel" will be presented by Southern California Lodge, No. 274. This towel has been on its way for three years, and has traveled from lodge to lodge across the United States and through Canada.

Popular Information.
The daily free lectures in Assembly Hall, Chamber of Commerce, are well patronized. The tourists and house-seekers attend in large numbers, and the chamber is receiving many inquiries in regard to favorable opportunities for investment. The lectures begin at 10:45 a.m., with a descriptive talk on Santa Barbara county. In close succession come the following: Hollywood, San Diego county, Los Angeles and Southern California, Stanislaus county, Alameda county, Pomona, Hawaii and Imperial county.

Many Going Abroad.
A considerable number of Los Angeles business men are planning a trip to Europe. Among those who will sail are A. E. Pomeroy and Charles M. Stinson. April 1, Dr. Walter Lindley will sail from New York for a business tour in France and England, taking Mrs. Lindley with him. A. C. Billie will take a similar trip, accompanied by Mrs. Billie. About a week ago Leas W. Hellman, president of the Farmers' and Merchants' Bank, left San Francisco for New York, with the intention of proceeding to Southern Europe for the remainder of the winter, early spring and into the summer. When the Merchants' and Manufacturers' Association banquet took place, the organization granted him a leave of absence for three months, and he will leave about May 1. A. M. Edelman, the architect, who will leave about April 1 for a trip around the world, which will take two years.

BREVITIES.

Ben-cher the singer. "Buy and Boost, Home Products." For daily references, see page 9, Part II of The Times, containing list of wide-awake manufacturers and the heading "Made in Southern California." You will find there are manufacturers of necessities at 1500 Broadway, manufacturing of things to eat and drink, things for the home, the factory, the office and the farm. Buy them! Try them! There are none better. Buy and Boost, and keep your money at home where it will do good and yours the most good.

Times Cook Book No. 3 ready today, and until the edition is exhausted, is placed on sale the largest, most elaborate and comprehensive cook book of the series issued by The Times. The list of recipes for not Spanish and Mexican dishes and the hygiene department are big features of the publication. The recipes brought out by The Times' prize cooking contest, are generally from Southern California housewives and noted chefs. Price 25 cents, by mail 1 cent additional. Address The Times, Los Angeles.

Dogs, splendid full-blooded bulldogs, fox terriers, spaniels and first-class watch dogs, may be procured at Animal Shelter (City Pound), 9th and Santa Fe avenue, by the simple payment of the regular license fee of \$5. For Women, Misses and Girls—New spring styles in Man Tailored Suits now ready. Expert fitting in attendance. Suits \$10 to \$15. Visit our interesting exhibit. Harris & Frank, 457-461 S. Spring St.

Ladies, go to the Rammed Toilet Parlors, 455 South Broadway, for first-class manicuring, facial massage, shampooing and scalp treatments. Phone us for prices and appointments. P1563.

We want to make an apology to the hundreds of customers that we were not able to wait on at our annual clearance sale. A. J. Hamilton & Son, three hundred and eleven South Broadway.

NEW STORM NOW IS HERALDED.

STARTS IN WASHINGTON, BUT MAY NOT REACH HERE.

Local Forecast Says Cloudy, but Rain is Expected at San Francisco and in Sacramento, Santa Clara and San Joaquin Valleys—Latest Reports from Southern Points.

In the twenty-four hours to 5 p.m. yesterday the weather bureau reported 41 inch of rain. From 5 p.m. to 1 o'clock this morning there was no precipitation in Los Angeles. The local forecast for today says cloudy, but rain is expected in the North, a new storm having appeared off the Washington coast which will probably move southward and cause showers at San Francisco and in the Santa Clara, Sacramento and San Joaquin Valleys.

An Inch at Hemet Dam.
HEMET, Feb. 4.—Over an inch of rain fell at Hemet dam yesterday and 60 of an inch here.

At Elsinore.
ELINSORE, Feb. 4.—Rain started early this morning, yesterday, and continued till dark. 57 of an inch being recorded.

Didn't Need It.
VENTURA, Feb. 4.—During the last storm rain enough fell to bring the total up to that of the entire last season, when 57 inches were required. The rain is not doing a particle of good, as the ground was thoroughly soaked and full of water from the storms of January.

San Diego Excess.
SAN DIEGO, Feb. 4.—Forty-four inches of an inch of rain fell here yesterday, bringing the seasonal precipitation up to 63.3 inches, an excess of .74 over last year's record. The local weather bureau predicts clearing showers tonight.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The constitutionality of the Wilshire boulevard ordinance, involved in a habeas corpus case, was set for hearing yesterday by Judge Willis for the 13th last.

Suit was brought against property owners in Watts to foreclose street liens, the first experience of the village in such litigation.

The romance of a runaway wedding at Riverside, in 1904, was shattered in the divorce suit of Albert G. Cooke against Maude M. Cooke.

The Mayor has been advised he cannot name a woman for poundmistress, and hence Miss Mathewson must yield to E. F. Field.

AT THE CITY HALL.

CANNOT NAME POUNDMISTRESS.

CHARTER DOES NOT RECOGNIZE ELECTRESSES—YET.

Mayor Advised He May Not Name Woman as Head of City Pound Dog Corral and Must Choose a Male Man—Humbert Animal League Books Field.

Not being an elector or an electress of the city of Los Angeles, Miss Helen Mathewson, president of the Humane Animal League, cannot be named as poundmistress by Mayor Harper, and because of this E. F. Field is to be appointed.

This is the cold law. The charter says a city officer must be filed by a qualified elector of the city, and no woman can become a qualified elector—not yet.

"Some day," said Miss Mathewson, "when we get suffrage in California maybe a woman will be poundmistress."

Not being an electress the directors of the Humane Animal League have reconsidered their action asking that she be made poundmistress. Perry W. Welter, who is secretary of the committee of one to break the news to Mayor Harper, whose mind had been set on Miss Mathewson as the fourth poundmistress in six months. He had already settled it that George L. Lawson must give it up.

It was when City Attorney Hewitt told him that there could be no poundmistress because the pound official must be a male man, according to the city charter, that the Mayor broke the news gently to the directors. Yesterday they broke the news to him that E. F. Field, former supervisor and a director of the league, was their second choice for poundmistress. The Mayor has promised to appoint Mr. Field at the next meeting of the Council.

In the meantime Poundmaster de facto Lawson is trying his best to make the pound and collect the fees according to his office. A lawsuit is threatened by him.

DEFIES ORDINANCE.

MANUFACTURER WILL FIGHT.

A. D. Perkins, who has built a factory at No. 115 East Thirty-third street, for which he cannot get a permit to install a distillate tank to furnish fuel for his engines, told the city commissioners yesterday that he would proceed in defiance of the ordinance. Perkins intends to manufacture automobile shields and has been denied a permit because he could not meet the demands of a next-door neighbor, who protested against the permit. There are other factories in the neighborhood. Perkins and his neighbors have voted in the negative, and Mayor Harper has been absent. This is the third time the ordinance of Perkins has been before the board. Perkins says he will test the validity of the ordinance.

Immediately after Perkins left the commission granted a permit to the Southern California Dairy Association to install two steam boilers at No. 1238 Victoria street. This permit was granted in the face of a large property reversion.

Cement Mill Running.

The Board of Public Works received word yesterday from Moonlight, where the new cement mill has been built, that the first full run in manufacturing cement had been made. The mill cost a large amount of money and is expected to furnish all the cement needed in future on the aqueduct. Moonlight is the new name for the Southern Pacific station called Aqueduct. The new name was furnished by Chief Engineer Mulholland.

AT THE COURTHOUSE.

HEAVY TRUCKS FOR WILSHIRE.

TEAMSTERS WANT TO USE THIS FINE BOULEVARD.

Action Taken by Habeas Corpus Proceedings Attacking City Ordinance Reserving the Thoroughfare for Residential Purposes Only. Hearing Set for Next Week.

A matter of more than ordinary interest to property owners along Wilshire boulevard, is involved in the disposition of the habeas corpus case, instituted in behalf of L. R. Rice, the hearing of which was fixed yesterday by Judge Willis for 12 o'clock on the 13th last.

The ordinance adopted by the City Council of Los Angeles, about a year ago, making it unlawful for oil tanks, trucks, drays, etc., to use the above named thoroughfare, and forever reserving the boulevard from use by street and steam car lines, will be attacked on the ground that the ordinance is unreasonable and restrictive against public policy and unconstitutional.

The defendant was arrested last June for driving a heavy dray wagon over Wilshire boulevard, and charged with misdemeanor. The matter after a hearing in Police Court, has been allowed to lie dormant, but the attack upon the ordinance has now been outlined.

For that purpose Rice was surrendered by his bondsmen and sent to jail, and the writ was sworn out. His release on a bond of \$10 followed. E. T. Shearer was appointed to represent the interests of the city, which will be looked after by Samuel B. Smith and Guy Eddie.

LIEN ON WATTS.

VILLAGE MAKING RECORD.

For the first time in the history of the thriving little village of Watts, a street lien foreclosure was threatened.

A MEASURE INIMICAL TO THE CITY'S COMMERCE.

SEVERAL bills inimical to this city have been introduced in the Senate by the Senate of San Pedro, and on the other hand, to be equally as inimical in favor of control and development of our harbors by the city itself. This Legislative Committee was so impressed that when the present Legislature met they filed a report against any legislation looking toward the establishment of a State harbor board for these bays.

The sentiment of the people of San Pedro is almost unanimously in favor of ultimate consolidation with Los Angeles and municipal control of the bay. That this is so is conclusively shown by the recent movement in that city, when 331 out of a little more than 700 electors of that city filed a petition with the City Council, asking that an election be called to sever a large part of the city, the ultimate object of the petition being annexation to Los Angeles. That the people of Wilmington are in favor of municipal control is shown by the fact that they have courageously bonded themselves for a large amount to provide themselves with municipal docks and wharves, and are considering the question of doubling this bonded indebtedness in order to perfect their plans.

This Senate Bill 351, if it becomes a law, would nullify all beneficial results from consolidation, and would forever prevent the control of the harbor by the city of Los Angeles, and would prevent the construction of municipal wharves and docks, and would place the harbor in the power of political appointees of the Governors of this State. This bill, and the one designed to make annexation more difficult, should be opposed by every member of the Legislature from this county, and, on the other hand, the people, demanding that they work for the passage of a consolidation bill which will place this city upon an equal plane with other cities in this State, and thus fulfill the pledge made by each legislator before electing that he would work for consolidation and for municipal control of our harbors.

During all of its corporate existence the hamlet has escaped the notoriety attaching to such a proceeding, but at last it has happened. The title of the case filed in the Superior Court yesterday is C. L. Chambers vs. Vincent McDowell, Alice McDowell, Eva Chambers and several other defendants.

The Trustees passed an ordinance providing for the construction of a sidewalk on Short avenue from Hollywood to the city limits, and an assessment of \$21.37 was levied on each lot along the route of the public work. The case has been brought to the court because the law has been invoked to collect the money.

NEEDS THE MONEY.

WIFE SEEKS MAINTENANCE.

In the suit for maintenance brought by Isabella J. Copley against Steve Croesley, a serious character, the wife, who declares they were married in Waco, Tex., October 22, 1913, and are the parents of five children—four grown boys and one girl, Clara, who is now in San Luis Obispo county. So far there has been no action in regard to the truth of the statements made to her victim, George W. Harmon.

CASE DISMISSED. The complaint against J. L. Lee, charged with leaving a worthless check for \$25 on the First National Bank of Bakersfield, was dismissed by Justice Sumnerfield yesterday after the appearance of the complaining witness, J. H. Roberts.

OFFICE REMOVED. The courtroom of Judge Selph was moved yesterday to the old County Jail building to the office formerly occupied by the Horticultural Commission, at Temple and New High streets.

INCORPORATIONS. Articles of incorporation were filed with the County Clerk yesterday by the Eucalyptus Timber Corporation, capital stock \$100,000; McCarvin-Walker Farming Corporation, capital stock \$100,000; and the Central Oil Company.

SENT TO JAIL. Justice Stephens yesterday sentenced Milton M. Melly to thirty days in the County Jail for selling liquor within the mile and a half zone of that institution.

DISCOVERED IN JAIL.

Police Find the Missing Husband of an Anxious Wife in the City Jail.

Lock-up. Police and detectives spent several hours yesterday in search of Mortimer Fox, reported as missing from his home and finally located the man in the City Jail.

Fox had been booked under the name of Julius Baker, and was charged with theft.

Mr. Baker, who reported her husband's disappearance to the police, stated that he had promised to meet her at Fourth and Broadway at a certain hour. He did not arrive. Later she went to her home, but found no trace of him, and asked the police to aid her.

For in the meantime had been arrested on a charge of stealing a pair of trousers from an automobile. He was released yesterday, after his wife had deposited \$100 to insure his appearance this morning in Justice Stephens' court.

ENGINE CRUSHES LEG.

Engineer at Steam Carpet Sweeping Establishment is Ground by Machinery.

While oiling a machine in the Pioneer Steam Carpet Cleaning Works at No. 323 South Olive street yesterday afternoon, Frank R. Woodson, an engineer, was the victim of a revolving wheel and an upright support and badly injured.

His left leg was crushed, and it was necessary to amputate it. He was taken to the Emergency Hospital, where the operation was performed.

Woodson was an engineer of long experience, and lived at No. 24504 South Main street.

Imperial Valley Lands. Elizabeth Kessler and Arthur F. Kessler, a Pasadena couple, were divorced by Judge James. The testimony was that Kessler had left his wife in August, 1904, after getting all he could of her wages, earned by clerking in a bakery. He went to his old home in Albany, N. Y., where he left their child was but 7 months old.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

TO ADOPT CHILD. Otto von den

Stellen and Anna von den Stellen were granted their petition to adopt Elizabeth Augusta V. Meter, a minor, by Judge Conroy. The child is 16 years of age.

PROBATE CASE. Frank P. Platt, executor under the will of Paul Holman, made application yesterday for the probate of the instrument. Holman died in London, Eng., January 15, 1933, leaving an estate in Los Angeles and Colgrove valued at \$20,000.

WILL INVESTIGATE. Before the resumption of the trial of the Lowenstein, before Justice Stephens, next Wednesday, an investigation will be made by the District Attorney's office in regard to the claim of the accused woman that she had real estate in San Luis Obispo county. So far there has been no action in regard to the truth of the statements made to her victim, George W. Harmon.

UNMINDFUL OF THE DEFENSE. Constructed for him by Attorney S. H. Garrett, Michael G. Miller, alias Longy, told a rambling story to a jury in the United States District Court yesterday, that did not appear convincing. He is charged with sending threatening letters to men in the city whom he had marked as his victims. His defense is that he is a possible defense—that of insanity.

"Now, didn't you get a blow on the head years ago?" queried Attorney Garrett, insistently.

"No, sir, there is nothing the matter with my head," replied the defendant truculently. "I may be an anarchist, but I am not crazy." And Miller proceeded to tear down the thin line of defense so carefully erected by his attorney.

The confessed anarchist was arrested last July by Detectives Hume and Steele and, after being searched and questioned, was turned over to the Federal authorities.

Incriminating documents were found on his person, it was claimed, and a question of a kind of a squaring up, which was apparently to be used for sending a stream of coal oil upon houses marked for burning.

His alleged method of operation was to send letters to business men in which he threatened to burn their houses if they did not send him \$5 by return mail. He signed the name of Joseph H. N. Longy and gave as his address 210 West 10th street, San Francisco.

Investigation showed that Miller had been in the city since his arrest, and was working in the district headquarters, listening to incendiary speeches and eagerly reading literature popular among the "reds." The Federal official went on the theory that too much absorption of dangerous anarchist doctrines has turned him into a fanatic, and that he had become obsessed with the desire to live at the expense of prosperous business men.

His own testimony was to the effect that he was a skilled tinmith, and that he rarely worked for his trade.

The doctors told me I had consumption, and I was told that I was a danger to the community. I came to Los Angeles a year ago. I had some money, I worked a few days for one man and he only gave me \$5 for one job. He really got me \$2.50. Rich people owe us a living, and I have read in lots of books that they should be made to work for their money. If they did not send him \$5, they would be burned out of business. I have read in lots of books that they should be made to work for their money. If they did not send him \$5, they would be burned out of business. I have read in lots of books that they should be made to work for their money. If they did not send him \$5, they would be burned out of business.

At recall headquarters it is claimed that the number of signatures on the petitions for a recall election now exceeds the 500 required, and that every effort will be made to get at least 500 before it is presented to the Council. The canvassers are still in the downtown districts, wearing the red buildings for signatures. It is said one name in every three, so far has been found to be that of a non-voter.

W. D. Stephens, who was asked to be the recall candidate for Mayor, has not committed his decision to the recallers. Circulators of recall petitions are declaring he will run, but Mr. Stephens says he has no authority to say this for him.

It appeared strange that the defense was unable to produce a single witness who would speak a good word for the prisoner. He has lived here at intervals for many years, but apparently never made any close friends or has any relatives.

Attorney Garrett asked the court for time in which to secure additional testimony, at adjournment last night. While inclined to commend the lawyer for his zeal in behalf of his client, Judge Holtzworth intimated that it would be useless to consume time in

"Jink-alink-a-link-rang the telephone at Isay Markovich's kosher butcher shop on Wilmington street yesterday."

"Two telephones make mit me such a bother," snapped Mr. Markovich, as he came around from behind the counter and took down the receiver.

His brother, Jake, who was cutting kosher meat, saw Isay's scowl and didn't take into an expression of deep respect and awe. He just said: "Oh, Oh, happy to make mistakes."
